November 30, 2015

To City 12 LLC Director Ms. K. Kakabadze

Dear Madam,

Your application of 19.11.2015 for the registration of the disinfectant "Dezotek Med" was reviewed at the Legal Entity of Public Law L. Sakvarelidze National Center for Disease Control & Public Health, in particular: 1. Information of the scope, rules and conditions of use of the disinfectant; 2. Origin and safety certificates issued by the authorized body of the manufacturing country; 3. Report on the disinfecting effect of the remedy.

Based on your application the laboratory of the National Repository for Bacteria and Viruses has checked the disinfecting effect of the disinfectant Dezotek Med with the strains of *S. aureus* ATCC 25923, *P. aeruginosa* ATCC 27853, *Enterococcus hirae* ATCC 10541, *B. subtilis* ATCC 6633 and *B. cereus* ATCC. By the said exposition the disinfectant ensures the neutralization of these microbes and it may be used according to the methodic recommendations.

The documents submitted by you meets the requirements approved by the Order N64/n of the Minister of Labor, Health and Social Affairs of Georgia "On the Improvement of the Medical and Prophylactic Disinfection Activities in the Country" of March 12, 2002. The disinfectant "Dezotek Med" is registered and will be listed as the registered disinfecting, deratizing and desinsecting remedies.

Currently, the development of a new form of the registration certificate of registered remedies is underway. Please refer to this information before the approval of the new certificate.

Sincerely,

Irma Khonelidze, Deputy General Director (*signed & sealed*)
